### HOW PAY-AS-YOU-GO TAX WILL AFFECT PAY CHECKS

Here are some questions and answers on the new pay-as-you-go tax law:

**Question**—When may I expect the first withholding deduction from my weekly pay check?

**Answer**—If you are paid at the end of the week, probably not until July 10. Although pay-as-you-go becomes effective July 1, it provides that withholdings apply only to pay periods beginning on or after July 1. Thus, if you are paid on Saturdays, your first payday in July would be July 3, and since that was the end of a pay period which began before July 1 (June 28) there would be no withholdings.

**Question**—Does the so-called "forgiveness" or abatement mean that I will pay less taxes in 1943?

**Answer**—No. It means that instead of paying in 1943 the tax liabilities on 1942 income, as heretofore, you will instead pay on the income of the year, 1942 or 1943, in which you had the largest income and thereafter on the current year.

**Question**—How does the abatement feature of the bill work?

**Answer**—Seventy-five per cent of your tax bill for 1942 or 1943 (whichever is smaller) is abated. If the bill for the abatement year is \$50 or less the forgiveness is 100 per cent.

**Payment Divided**

**Question**—How do I pay the 25 per cent that is not abated?

**Answer**—You pay this half in 1944 and half in 1945. This, of course, is in addition to your current taxes.

**Question**—Will this bill put everyone on a current basis?

**Answer**—No. The Treasury estimates that only 17,000,000 of the 44,600,000 taxpayers affected will become fully current this year. The other 27,000,000 will not become fully current until 1945 when they have paid off the 25 per cent portion of their

The question "Is the Universe, Including Man, Evolved by Atomic Force?" is the subject of the Sunday Lesson-Sermon in all branches of The Mother Church. The First Church of Christ, Scientist, in Boston, The Golden Text, chosen from 1 Corinthians, reads: "To us there is but one God, the Father, of whom are all things, and we in him." "Send the multitude away, that they may go into the towns and country round about, and lodge, and get victuals," said the disciples to Jesus. He replied, "Give ye them to eat. And they said, We have no more but five loaves and two fishes." Then Jesus "took the five loaves and the two fishes, and looking up to heaven, he blessed them, and brake, and gave to the disciples to set before the multitude. And they did eat, and were all filled: and there was taken up of fragments that remained to them twelve baskets."

Mary Baker Eddy says in "Science and Health with Key to the Scriptures": "A miracle fulfills God's law, but does not violate that law." The miracle introduces no disorder, but unfolds the primal order, establishing the Science of God's unchangeable law.

### Building Repairs Erasing Last Quake Traces

Torrance servicemen who have been away from the city a year or more will discover the old home-town has undergone considerable changes for the better when they return.

The chief improvements are confined to renovation of buildings damaged by the Nov 14, 1941 earthquake and not immediately repaired. The quake rattled buildings are now being rebuilt into war housing units and before long the last of the structures, vacant since the temblor, will be rebuilt and rented.

The El Roi Inn hotel will soon be ready with 24 family units. The Hotel Royal has been taken over by the Home Owners Loan Corp. and will be made over into 28 family units at a cost of approximately \$40,000.

The old library has been moved to 628 Sartori from the El Prado site and is to be converted into three double apartments. An old pool hall and dance hall at the Pueblo are being made over into three apartments each.

The old Christian Science reading room is being converted into seven double apartments and the old shoe factory is being made over into 23 apartments.

The American Legion building on Carson, badly damaged by the quake and further damaged by hoodlums, has been bought by Sam Silbert, who is planning to convert it into three apartments. Even the old timber protection in front of the control center, formerly the Chamber of Commerce headquarters is losing its ugliness as the flowers are now peeping over the tops of the old railroad ties and the vines are climbing up the sides to hide the unpainted slabs and posts. Flowers and vines were planted weeks ago when citizens dubbed the high board wall an eyesore.
